

Snow and Ice Response Plan 2019-2020

OVERVIEW

In order for the academic and administrative functions of the University to proceed with minimal disruption, as well as for members of the community to enjoy safe access to public buildings and events, this plan describes the coordinated support various campus departments provide when hazardous conditions due to inclement winter weather exist.

Several campus, city, county, state, and local agencies cooperate in the snow and ice abatement effort to enable timely utilization of a variety of resources to address hazardous conditions that impact roadways, building entrances, walkways, and parking lots. Responsibility for specific areas is among the following parties:

- A. Facilities Management Department (FMD) will be responsible for managing snow and ice abatement on campus streets, public sidewalks, Education and General Purpose (E&G) building entrances and priority parking lots. FMD may attempt to hire on-call private contractors to assist with abatement operations, particularly in parking lots.
- B. Auxiliary (AUX) enterprises, such as the Arkansas Union, the Athletics department, and University Housing, will be responsible for the alleviation of slick conditions at porches, patios, steps, etc. of their facilities. Their responsibility will extend out to points of adjacent public sidewalks accessible to FMD's mechanized snow removal equipment.
- C. The Transit and Parking Department (T&PD) will bear the financial cost of snow and ice abatement in UA parking lots. FMD will be responsible for actions to ensure reasonable availability of priority parking lots, priorities set by T&PD.
- D. The Arkansas Highway and Transportation Department (AHTD) maintains Arkansas highway 112 where it crosses the campus. The Grounds Shop foreman will contact AHTD's local maintenance foreman as one of the initial notifications when the snow plan is activated, and as needed until AHTD's responsibilities have been met.
- E. The City of Fayetteville Transportation Department maintains several streets that border the campus. The FMD Grounds Shop foreman will contact the city street superintendent's office initially when the snow plan is activated, and as needed until their streets have been adequately addressed. The Grounds Shop also applies a pretreatment of saline brine when made available by the City of Fayetteville.

University Procedures

University procedures for inclement weather is outlined in Fayetteville Policy and Procedures 210.0

Facilities Management Procedures

Responsibility for effectively implementing this plan will lie with the FMD Director of Facility Operations and Maintenance, exercised through the Grounds Shop Foreman, who will utilize both the Grounds and Labor shop. The Labor Shop is used as needed by the Grounds Shop Foreman to manage the FMD weather essential personnel and volunteers during all phases of snow and ice removal. Supervisors will also oversee the mixing and delivery of traction assistance and deicing materials and will monitor the disposition of equipment that may need repair.

Emergency services such as the University Police Department, Pat Walker Student Health Center, transit bus routes, other campus streets, sidewalks, parking lots, and E&G building entrances (especially handicapped access) are determined to be a priority and will be cleared before other priority streets are taken care of.

The entrances, exits, and hills of the Stadium Drive Garage (SDPG), Garland Avenue Garage (GAPG), Harmon Avenue Garage (HAPG), and Meadow Street Garage (MSPG) are treated just prior to beginning treatment of priority streets.

The main campus sidewalks (i.e. those moving the larger numbers of people across campus) are cleared as soon as possible, with the smaller walks leading to campus and building priority entrances being cleared as a part of that process.

Priority streets, parking lots, and E&G building entrances as determined by appropriate areas of responsibility are as follows:

Priority Parking Lots

1. 1. Razorback Transit Maintenance Facility Lot (Bus Lot)
2. 2. Lot 56 (1,391 spaces)
3. 3. Lot 99 (1,093 spaces)
4. 4. Lot 44 (500 spaces)
5. 5. Lots 74A, B, C and D (723 spaces)
6. 6. Lot 46 (307 spaces)
7. 7. Lot 71 (269 spaces)
8. 8. Lot 54 (176 spaces)
9. 9. Lot 78, 78B (138 spaces)
10. 10. Lots 38 (119 cleared spaces) only clear ADA, F/S and Reserved space
11. 11. Lot 47N (109 spaces)
12. 12. Lot 47W (104 spaces)
13. 13. Lots 57 and 57A (120 spaces)
14. 14. Lot 50 (277 spaces) Road through lot only
15. 15. Lots 28, 29, and 42 (140 spaces)
16. 16. Lots 25, 26 and Union (83 spaces)
17. Add Athletic event parking lots (game days only)

Priority Streets

Leaving FMD North entrance:

1. W on Mitchell to Eastern
2. S on Eastern to Building Services Annex
3. N on Eastern to Nettleship
4. E on Nettleship from Eastern to Graham
5. W on Nettleship to Eastern
6. S on Eastern to Printing Services
7. E to Environmental Health & Safety Storage Building (EHSS) then S to Mitchell
8. E on Mitchell to Razorback
9. N on Razorback to SE of Administrative Services (ADSB)
10. W into Lot 47S (University Police Department – UAPD lot)
11. W to Graham then N to dead end
12. S to Meadow then E to Razorback
13. W on Meadow to Graham
14. S on Graham to Center
15. S on Graham to Nettleship
16. N on Graham to Center
17. W on Center to Razorback
18. N on Razorback to Maple
19. E on Maple to Garland
20. N on Garland to Cleveland
21. W on Cleveland to Razorback
22. S on Razorback to NW of Reid Hall (REID)
23. E then N through lot 41 to Cleveland
24. E on Cleveland to Lot 40 entrance
25. E on Cleveland to Garland
26. S on Garland to Maple
27. E on Maple to Whitham
28. N on Whitham to Douglas
29. W on Douglas to Leverett
30. S on Leverett to Maple
31. E on Maple to Arkansas
32. S on Arkansas to Dickson
33. W on Dickson to Garland
34. N on Garland to Intermodal Transit Facility
35. IMTF entrance and exit only
36. S on Garland to Dickson
37. E on Dickson to Arkansas
38. N on Arkansas to Maple
39. W on Maple to Garland
40. S on Garland to Dickson
41. S on Garland to McIlroy
42. S on McIlroy to Fairview
43. E on Fairview to Harmon
44. N on Harmon to Dickson
45. S on Duncan to Williams
46. W on Williams to Lot 20
47. Circle Chiller Plant (CCHP), turn E on Williams
48. S on Duncan to Center
49. W on Center to Harmon
50. N on Harmon to Fairview
51. W on Fairview to Lot 61
52. Circle McIlroy House (MCHS)
53. N on Garland to Dickson
54. E on Dickson to McIlroy
55. N on McIlroy to Chemistry (CHEM)
56. S on McIlroy to Dickson
57. W on Dickson to Garland
58. N on Garland to Maple
59. W on Maple to Razorback
60. S on Razorback to Meadow
61. E on Meadow to Stadium
62. S on Stadium to MLK
63. N on Stadium to Lot 56
64. W into Lot 56
65. N side of Lot 56 to Razorback (WB and EB lanes)
66. N on Razorback to Leroy Pond
67. E on Leroy Pond to Stadium
68. N on Stadium to Clinton
69. E on Clinton to Harmon
70. W on Clinton to Stadium
71. N on Stadium to IMTF drive
72. E on IMTF drive to Arkansas Union (ARKU)
73. W on IMTF drive to Stadium
74. N on Stadium to Maple
75. E on Maple to Garland
76. S on Garland to W of Humphreys Hall (HUMP)
77. W then S then W on Upper Service Drive to Stadium
78. N on Stadium to Meadow
79. W on Meadow to Health, Physics, Education and Recreation (HPER)
80. N on service alley W of HPER
81. Turn around at SW CHIL
82. Return to Meadow
83. W on Meadow to Razorback

Priority E&G Building Entrances

Building	Priority Entrance	Building	Priority Entrance
410 Arkansas (ARKA)	West entrance	532 Lindell Ave. (LIND)	West entrance East entrance (Stairs)
